Alexandria, VA 22313-1450

Sir:

A Certificate of Correction was issued in this patent on July 19, 2005, copy enclosed. However, a review of the changes noted that the change to Column 34, line 47, should have changed "at" to -- of --, according to our file. Thus, we have enclosed a corrected Certificate of Correction to replace the one previously issued. It is therefore respectfully requested that a new Certificate of Correction be issued in connection with the above-identified patent. It is believed that the new Certificate is warranted so that the PTO record is accurate especially since it involves the language of the claims.
